About Novacyt Group (www.novacyt.com)

Novacyt is an international molecular diagnostics company providing a broad portfolio of integrated technologies and services, primarily focused on the delivery of genomic medicine. The Company develops, manufactures, and commercialises a range of molecular assays and instrumentation to deliver workflows and services that enable seamless end-to-end solutions from sample to result across multiple sectors including human health, animal health and environmental.

The Company is divided into three business segments:

Clinical	Broad portfolio of human clinical <i>in vitro</i> diagnostic products, workflows and services focused on three therapeutic areas: <ul style="list-style-type: none">· Reproductive Health: NIPT, Cystic Fibrosis and other rapid aneuploidy tests· Precision Medicine: DPYD genotyping assay· Infectious Diseases: Winterplex, multiplex winter respiratory PCR panel
Instrumentation	Portfolio of next generation size selection DNA sample preparation platforms and rapid PCR machines, including: <ul style="list-style-type: none">· Ranger® Technology: automated DNA sample preparation and target enrichment technology· MyGo: real-time quantitative PCR (qPCR) instruments
Research Use Only	Range of services for the life sciences industry: <ul style="list-style-type: none">· Design, manufacture, and supply of high-performance qPCR assays and workflows for use in human health, agriculture, veterinary and environmental, to support global health organisations and the research industry· Pharmaceutical research services: whole genome sequencing (WGS) / whole exome sequencing (WES)

Novacyt is headquartered in Vélizy-Villacoublay in France with offices in the UK (in Stokesley, Eastleigh and Manchester), Taipei, Singapore, the US and Canada and has a commercial presence in over 65 countries. The Company is listed on the London Stock Exchange's AIM market ("NCYT") and on the Paris Stock Exchange Euronext Growth ("ALNOV").
