Long Term Incentive Plan

2024 Performance Share Awards

Paris, France, and Eastleigh and Manchester, UK - 23 April 2024 - Novacyt S.A. (EURONEXT GROWTH: ALNOV; AIM: NCYT), an international molecular diagnostics company with a broad portfolio of integrated technologies and services, announces that it has made an allocation of share options as part of its Long Term Incentive Plan ("LTIP").

Shareholders approved the issue of options over new ordinary shares of €1/15 each in the Company to employees at the Company's combined general meeting held on 18 October 2021. Under the terms of the LTIP, the Board may determine the percentage award for each qualifying executive each year. The Board may, at its absolute discretion, decide to reduce the total number of shares held under an award and/or seek to recover from a participant, shares and/or cash that has already vested, been paid and/or been acquired on the exercise of an option.

2024 Performance Share Awards

The 2024 Performance Share Awards (structured as nil-cost options1) are being made to the executive management team only, which currently comprises five members. The performance shares will vest ("Vest") subject to the Company achieving Total Shareholder Return ("TSR") growth conditions in a three financial year period which began on 1 January 2024 (the "Performance Period") as follows:

TSR Growth	% of the Performance Share Award that may Vest		
Less than 10% p.a.	Nil		
Equal to 10% p.a.	25%		
Greater than 10% p.a. but less than 30% p.a.	Pro-rata between 25% and 100% on a straight-line basis		

The baseline for TSR is based on the average closing price of the Company's shares in December 2023, which was £0.63. This will then be compared to the equivalent figure in December 2026.

Regardless of the extent to which the TSR growth condition has been satisfied, the Performance Share Awards shall not Vest unless the Board, in its absolute discretion and acting fairly and reasonably, determines that the underlying financial performance of the Company over the Performance Period has been satisfactory. For these purposes, the Board may have regard to and consider any information, key performance indicators, events or circumstances that the Board considers appropriate.

Once vested, a Performance Share Award shall normally remain exercisable up until the tenth anniversary of the date of grant (22 April 2034).

The participants will normally be required to hold 50% of vested shares (less any shares sold to pay any tax liability) for a minimum period of one year after the vesting date.

The Performance Share Awards allocated to the executive team, which represent 3.17% of the current issued share capital are as follows:

Dortininanto		LTIP Award
