Ahead of the meeting, the Company recognised that Resolutions 12 and 15 were likely to meet the required thresholds to be passed, however it also recognised that a material number of shareholders voted against these resolutions. As a result, as is permitted and customary under the applicable laws and regulations of France to which Novacyt is subject, the Board reconvened during the AGM and proposed alternative resolutions (the "Revised Resolutions"), taking into account the feedback of those shareholders present in the meeting:

Alternative Special Resolution 12

Twelfth resolution

Delegation of authority granted to the Board of Directors to issue ordinary shares of the Company and / or securities giving access to the share capital of the Company, with cancellation of the shareholders' preferential subscription right for the benefit of a category of persons

The general meeting, voting under the conditions of quorum and majority required for extraordinary general meetings, after having taken note of the report of the Board of Directors and the special report of the Statutory Auditor, in accordance with the Articles L.225-129 to L.225-129-6, L.225-135, L.225-138, L.228-91 and following of the French Commercial Code,

Taking account of the amendments approved by the Board of Directors during the meeting,

- 1. Delegates to the Board of Directors, with the power to sub-delegate, its power to decide on the issue, without preferential subscription rights, on one or more occasions, in the proportions and at the times that it will appreciate, both in France and abroad, ordinary shares or any other securities giving access to the capital of the Company. Such securities may be issued in euros, in foreign currency or in any monetary units established by reference to several currencies, such shares conferring the same rights as the previous shares, subject to their date of possession;
- 2. Decides that the Board of Directors will fix the rights of the shares and / or securities giving access to the Company's share capital; on the other hand, it decides that any issue of preference shares and securities giving access to preference shares is expressly excluded;
- 3. Decides that the nominal amount of the capital increases that may be carried out, immediate or future, under this delegation may not exceed a total nominal amount of 1,650,000 euros or its equivalent in foreign currency, given this amount will be charged on the overall nominal ceiling of 2,500,000 euros for the sixteenth resolution and that this amount does not take into account adjustments likely to be operated in accordance with the legislative and regulatory provisions applicable and, where appropriate, to the contractual stipulations providing for other cases of adjustment, to protect the rights of holders of securities or other rights giving access to capital;
- 4. Decides to remove the preferential subscription right of the shareholders in securities covered by this resolution and to reserve the right to subscribe them to industrial or commercial health/pharmaceutical/biotechnology companies or savings fund managers of French law or foreign law investing, directly or indirectly through a French or foreign financial intermediary, in the health/pharmaceutical/biotechnology sector, or individuals having a significant net worth (at least 500,000 euros), investing directly or indirectly through any legal entity and/or a French or foreign financial intermediary, and with experience in the health/pharmaceutical/biotechnology sector;
- 5. Notes that if the subscriptions have not absorbed all of an issue of shares or securities, the Board of Directors may limit the amount of the transaction to the amount of the subscriptions received;
- 6. Notes that the delegation carries full right to the benefit of the holders of securities issued to the title of this resolution and giving access to the capital of the company, waiver of the shareholders to

their preferential subscription right to the shares or securities giving access to the capital that these securities entitle immediately or at term;

- 7. Decides that the issue price of the shares issued as part of this delegation, will be at least equal to the average weighted by the volume of the trading prices of the shares selected from a period of between five and thirty consecutive trading sessions amongst the 30 trading sessions prior to the fixing of the issue price, with a permitted discount of a maximum of 20%, after adjustment, if necessary, of this amount to account for the difference at date of possession;
- 8. Decides that the issue price of the securities giving access to capital will be such that the amount received immediately by the company plus, as appropriate, may be seen later by it, either, for each share issued in consequence of the issuance of these securities, at least equal to the issue price defined in paragraph above;
- 9. Decides that the Board of Directors will have full powers to implement this delegation of authority and, in particular, to: decide on the issue of securities, determine the terms and conditions of the transactions, determine the form and characteristics of the securities to be issued and set the conditions of subscription, the terms of their release, their date of enjoyment (with a permitted retroactive date of enjoyment), the manner in which the securities issued on the basis of this delegation will give access to common shares of the Company; establish the list of the beneficiary or beneficiaries of the removal of the preferential subscription right within the categories defined in paragraph 4 of this resolution and the number of shares or securities allocated to each of them; charge the amount of the costs relating to these capital increases to the item "share premium" and, if it deems it appropriate, deduct from it the sums necessary to increase the legal reserve to one-tenth of the new share capital after each issue; record the completion of the share capital increase, amend the Articles of Association and carry out, directly or by proxy, all transactions and formalities related to the share capital increases carried out pursuant to this authorisation;

In addition, the Board of Directors may generally take all the necessary measures and conclude all agreements to achieve the successful completion of the proposed issue, to carry out all the formalities required for the admission of the shares issued on the Euronext Growth Paris market or any other market;

10. Acknowledges that, should the Board of Directors use the delegation of authority conferred upon it in this resolution, the Board of Directors will report to the following ordinary general meeting in accordance with the law and applicable regulations, the use made of the authorisations conferred in this resolution; and 11. Acknowledges that this delegation renders null and void as of this day, if applicable, the unused part of any previous delegation having the same purpose, that is to say any delegation of authority relating to the capital increase with cancellation of the preferential subscription right in favour of a category of persons whose definition is similar to the definition in paragraph 4 of this resolution and in particular the delegation granted by the general meeting of the Company dated December 5, 2016.

The delegation thus granted to the Board of Directors is valid for a period of 18 months from this meeting.
