Novacyt S.A.
("Novacyt", the "Company" or the "Group")

DHSC application for summary judgment dismissed

Paris, France, and Eastleigh and Manchester, UK – 1 May 2024 – Following the announcement on [19 April 2024](#), Novacyt S.A. (EURONEXT GROWTH: ALNOV; AIM: NCYT), an international molecular diagnostics company with a broad portfolio of integrated technologies and services, notes the judgment by Mrs Justice Jefford following the Pre-Trial Review heard on 30 April 2024. Mrs Justice Jefford has dismissed the application by the Department of Health and Social Care ("DHSC") for summary judgment.

The Pre-Trial Review has now concluded, and the trial hearing has been listed to commence on 10 June 2024, and finish on 4 July 2024. The Company expects the court to reserve judgment, meaning that the outcome of the trial will not be known on 4 July 2024.

About Novacyt Group (www.novacyt.com)

Novacyt is an international molecular diagnostics company providing a broad portfolio of integrated technologies and services, primarily focused on the delivery of genomic medicine. The Company develops, manufactures, and commercialises a range of molecular assays and instrumentation to deliver workflows and services that enable seamless end-to-end solutions from sample to result across multiple sectors including human health, animal health and environmental.

The Company is divided into three business segments:

Clinical

Broad portfolio of human clinical *in vitro* diagnostic products, workflows and services focused on three therapeutic areas:

- Reproductive Health: NIPT, Cystic Fibrosis and other rapid aneuploidy tests
- Precision Medicine: DPYD genotyping assay
- Infectious Diseases: Winterplex, multiplex winter respiratory PCR panel

- Instrumentation** Portfolio of next generation size selection DNA sample preparation platforms and rapid PCR machines, including:
- Ranger® Technology: automated DNA sample preparation and target enrichment technology
 - MyGo: real-time quantitative PCR (qPCR) instruments
- Research Use Only** Range of services for the research industry:
- Design, manufacture, and supply of high-performance qPCR assays and workflows for use in human health, agriculture, veterinary and environmental, to support global health organisations and the research industry
 - Pharmaceutical research services: whole genome sequencing (WGS) / whole exome sequencing (WES)

Novacyt is headquartered in Vélizy in France with offices in the UK (in Stokesley, Eastleigh and Manchester), Taipei, Singapore, the US and Canada and has a commercial presence in over 65 countries. The Company is listed on the London Stock Exchange's AIM market ("NCYT") and on the Paris Stock Exchange Euronext Growth ("ALNOV").
