SIXTH RESOLUTION - AUTHORISATION FOR THE COMPANY TO BUY BACK ITS OWN SHARES

We would, however, like to return to the sixth proposed resolution concerning the share buy-back programme.

For several financial years now, this delegation has been used solely in connection with the liquidity agreement entered into by the Company.

In this context, we would like to specify that this delegation of authority is not intended to be used during a public offering initiated by the Company or concerning its securities.

The extraordinary resolutions are presented hereinafter:

To create a little flexibility in the Company's day to day operations, we propose to you to grant full powers to the Board of Directors, with the option of sub-delegation, to bring the Company's Articles of association into line with legal and regulatory provisions, subject to ratification of these amendments by the next extraordinary general meeting to be convened.

DETAILED PRESENTATION OF THE TWELFTH RESOLUTION - DELEGATION OF AUTHORITY TO THE BOARD OF DIRECTORS TO CANCEL TREASURY SHARES FOLLOWING IMPLEMENTATION OF THE COMPANY'S SHARE BUYBACK PROGRAM

In connection with the 6th resolution relating to the authorisation for the Company to buy back its own shares, we propose you to:

1. **delegate** to the Board of Directors, with the option of sub-delegation, its power to cancel, on one or more occasions, up to a limit of 10% of the share capital calculated on the date of the cancellation decision, less any shares cancelled during the previous 24 months, the shares that the Company holds or may hold as a result of share buy-backs carried out in accordance with Article L. 22-10-62 of the French Commercial Code, and to reduce the share capital accordingly, in accordance with the legal and regulatory provisions;

5. **acknowledge** that this authorisation cancels any previous authorisation with the same purpose which has not been acted upon before the date of the Meeting.

COMMON PRESENTATION OF THE THIRTEENTH TO FIFTEENTH PROPOSITIONS OF RESOLUTIONS

The thirteenth to fifteenth resolutions are proposed in order to allow share-based payments to Executive Directors and selected senior management team.

Such payments are typical of public listed companies in France, and the UK where the Company has the majority of its operations. Linking a portion of our executives' compensation to the Company's share price provides direct alignment between management and long term creation of value for shareholders.

In this context, we propose hereafter two delegations, one to grant free shares and the other to grant stock options, the idea being to be able to grant market value options to Executive Directors to incentivise further value creation in the Company and/or to grant them free shares as a motivation tool.

The Company believes that the ability to award share-based incentives is a key component of the long-term talent and business strategy.

Key terms and conditions common to free shares and market-value options

- Valorisation: *Awards will be set relative to competitive market levels at the time grant.*

The value of awards granted in respect of a financial year will not exceed an exceptional limit of 300% of base salary.

Normal annual award levels in respect of a financial year will be significantly below this limit.

- Granting conditions: *the final allocation of the shares or the opening of the option exercise period will be subject to the absence of an event likely to jeopardize the grant and to the regularity and fairness of the Company's parent company and consolidated financial statements.*

- Cessation of employment: *Awards will be subject to leaver provisions. If a beneficiary dies or ceases to hold employment or mandate due to ill-health, injury, disability or any other reason at the Board's discretion ruling on recommendation of the Remuneration Committee's the awards will be released at the normal vesting date and may (subject to the determination of the Remuneration Committee) be subject to time prorating. For any other reason, for example resignation or gross misconduct, awards will lapse.*

- Dilution: *Awards will not on aggregate exceed 5% of the issued ordinary share capital for the 38 months delegation. This limit covers both free shares and market-value options in aggregate.*

Key terms specific to free shares

- Shares awarded will be subject to a three-year performance period.

- Shares awarded will be subject to the achievement of performance conditions. These performance conditions will be based on the Company's key strategic financial and non-financial measures.

- The Board of Directors, ruling on recommendation of the Remuneration Committee will retain discretion to override formulaic vesting outcomes where these do not reflect the underlying performance of the Company.

Key terms specific to market-value options

- The vesting period of the market-value options will be a minimum of three years from the date of grant.
- Market-value options will be subject to the achievement of performance conditions.
- The exercise price of the market-value options will be the share price at the date of grant. The share price at the date of grant will determine the number of options to be granted, in application of the 5% ceiling common to free shares and stock options.

- in the event of the allocation of existing shares, perform or cause to be performed all acts and formalities to proceed with the buyback of existing shares;

- set, where appropriate, the conditions under which the number of ordinary shares allocated will be adjusted in order to preserve the rights of beneficiaries, depending on any transactions bearing on the Company's capital, it being specified that the shares allocated pursuant to such adjustments will be deemed granted on the same day as the shares initially granted; and

by the Board of Directors, it being specified that in any event, (i) the total number of subscription options not yet exercised may not give the right to subscribe for a number of shares exceeding one-third of the share capital in accordance with Articles L. 225-182 and R. 225-143 of the French Commercial Code and that (ii) in the case of shares previously held by the Company, the limit of 10% of the total of its own shares that a Company is entitled to own in accordance with Article L. 225-210 of the Commercial Code, applies indirectly.

DETAILED PRESENTATION OF THE FIFTEENTH RESOLUTION - OVERALL LIMIT ON DELEGATIONS RELATING TO FREE SHARES AND SUBSCRIPTION OR PURCHASE OPTIONS

We propose you to decide that the total amount of the capital increases that may be carried out immediately and/or in the future by virtue of the 13th and 14th propositions of resolutions may not exceed 5% of the capital on the date of allocation of the free shares or of the stock options, as the case may be.

GENERAL PRESENTATION OF THE SIXTEENTH TO TWENTY-THIRD PROPOSED RESOLUTIONS

The French Commercial Code limits the duration of delegations of authority granted by the Extraordinary Shareholders' Meeting (maximum 18 months for issues of non-preferential shares / 26 months for other issues).

It is therefore necessary to renew them each year. The process for convening an Extraordinary Shareholders' Meeting takes approximately 6 weeks, and it is very complicated and impractical to convene a meeting every time we are faced with a corporate transaction.

As a quorum was not reached at extraordinary general meetings between September 2021 and 2025, the Company was unable to renew the financial delegations required to issue securities and raise funds on the public market.

Following the intervention of an ad hoc representative at the annual general meeting on 19 June 2025, a delegation of authority to the Board of Directors to issue ordinary shares of the Company and/or securities giving access to the Company's share capital, while maintaining pre-emptive subscription rights, was adopted, enabling the Company to raise funds to strengthen its equity capital in the first quarter of 2026. This delegation offers the Board of Directors only limited and still fragile room for manoeuvre.

The only other option currently available to the Company for raising funds is debt financing, which, given current interest rates, would make debt servicing costly and would require the Company to comply with restrictive financial covenants, it being noted that there is no guarantee that banks would lend to Novacyt on acceptable terms.

The Company is currently making losses and, although the directors are confident that its cash position should enable it to break even under its current strategic plan, we believe that achieving this profitability and creating value would be facilitated by carrying out targeted external fundraising and growth transactions, similar to the latest transaction completed in March 2026: the acquisition of Southern Cross Diagnostics Pty Ltd.

The inability to issue securities places Novacyt at a disadvantage compared to its competitors, who are able to expand through external growth initiatives and fundraising.

The Company regularly evaluates a pipeline of potential M&A opportunities that it believes could significantly improve its financial trajectory, reduce its long-term losses and create shareholder value. However, without the ability to issue equity and raise funds on the public markets, the only way to fund a transaction at present (besides debt financing) is through using the Company's existing cash reserves, which are critical to funding the business through to profitability. By deploying these cash reserves for acquisitions, without a mechanism to replenish capital, it could put the Company at risk of going into liquidation, if the acquisition took longer than anticipated to be accretive or if the Company's outlook adversely changed with unexpected headwinds.

In this context, we propose to you today to vote in favour of the 16th to 23rd proposed resolutions in order that management has the ability to act decisively when value accretive opportunities arise, while preserving the Company's ability to fund ongoing operations and navigate potential headwinds.

DETAILED PRESENTATION OF THE SIXTEENTH RESOLUTION - DELEGATION OF AUTHORITY TO THE BOARD OF DIRECTORS FOR THE PURPOSE OF INCREASING THE SHARE CAPITAL BY CAPITALIZING RESERVES, PROFITS AND/OR PREMIUMS

2. **Resolve** that, should the Board of Directors make use of this authorization, in accordance with the provisions of Article L. 225-130 of the French Commercial Code, fractional rights will not be negotiable or transferable, and the corresponding shares will be sold; the proceeds of the sale will be allocated to the holders of the rights within the period stipulated by the regulations,

3. **Resolve** that the nominal amount of the capital increases that may be carried out by virtue of this delegation, immediately or in the future, may not exceed a total nominal amount of 2,419,602.94 euros, or its equivalent in foreign currency, it being specified that this amount does not take into account the adjustments that may be made in accordance with the applicable legal and regulatory provisions and, where applicable, the contractual stipulations providing for other cases of adjustment, to preserve the rights of the holders of transferable securities or other rights giving access to the capital;

4. **Resolve** that this ceiling is independent of all the ceilings provided for in the other resolutions of this General Meeting,

5. **Resolve** that the Board of Directors shall have all powers to implement this delegation of authority and, in particular, to:

- determine the amount and nature of the amounts to be capitalized;
- determine the number of new shares to be issued and/or the amount by which the par value of the existing shares comprising the share capital is to be increased;

- take all measures and perform all the requisite formalities for the admission of the securities thus issued to trading on Euronext Growth Paris and any other market on which the Company's shares may then be listed,

7. The delegation thus granted to the Board of Directors is valid for a period of 26 months from the date of the Meeting.

3. **Resolve** that the nominal amount of the capital increases that may be carried out by virtue of this delegation, immediately or in the future, may not exceed a total nominal amount of 483,920.59 euros, or its equivalent in foreign currency, it being specified that this amount will be deducted from the overall nominal ceiling of 483,920.59 euros provided for in the 23rd resolution and that this amount does not take into account the adjustments that may be made in accordance with the applicable legal and regulatory provisions and, where applicable, the contractual stipulations providing for other cases of adjustment, to preserve the rights of the holders of transferable securities or other rights giving access to the capital;
4. **Decide** that the subscription price of shares and/or securities giving access to the capital of the Company may be settled either in cash or by offsetting claims against the Company;

7. **Acknowledge** that this delegation automatically entails the waiver by shareholders of their preferential subscription right to shares or securities giving access to the capital to which these securities entitle holders immediately or in the future in favour of holders of securities issued pursuant to this resolution and giving access to the capital of the Company;

8. **Resolve** that the subscription price of the shares issued pursuant to this delegation must be at least equal to the volume-weighted average share price on Euronext Growth or on AIM (at the choice of the Board of directors) chosen from a period comprising between five and thirty consecutive trading sessions among the thirty trading sessions preceding the setting of the subscription price, possibly reduced by a maximum discount of 30%, after adjustment of this amount -if needed- to take into account the difference in dividend rights;
